The Progi-Pac Group continues to soar

It has already been 20 years since Progi-Pac was founded, to address needs in the auto recycling industry. Through the years, it has expanded into new markets and new ventures, notably Phautopak and AOS Vision.

We are proud to announce that Progi-Pac now has a new owner, Mrs. Diane Chaîné, who will assume the role of President and Chief Executive Officer. We are confident that Mrs. Chaîné will provide great leadership for Progi-Pac as it continues to soar.

Please note that Francine Dupont and François Paprosky, the previous owners of Progi-Pac, will remain on our team during the coming years. They will be active participants in the business, while continuing to offer their valuable experience.

We would like to extend heartfelt thanks to those who have contributed to Progi-Pac's success and activities throughout the years.

Sincerely,

Progi-Pac
